PROJECTS

- **Soteria Eye Clinc Website Redesign**
  ⚘: https://soteria-eye-clinic-website.vercel.app/
  - ➢ Collaborated with a team of front-end developers to redesign the clinic's website using HTML, CSS, and JavaScript.
  - ➢ Delivered a clean, modern design with improved mobile responsiveness, enhancing user experience.
- **Crafted Comfort Website**
  ⚘: https://otonbara.github.io/crafted_comfort/
  - ➢ Designed a furniture website with a clean, intuitive layout for seamless product browsing.
  - ➢ Implemented responsive features for optimal performance across devices.
- **SkillMatch Website**
  ⚘: https://skillmatch-nine.vercel.app/
  SkillMatch is a full-stack job matching platform that connects job seekers with employers based on their skills. Built with React, Django, and Firebase.
- **Jack Suites Website**
  ⚘: https://jack-suites.vercel.app/home
  A modern hotel website project showcasing a seamless user interface for booking and exploring luxury accommodations. Developed using React and Tailwind CSS, the project highlights key features such as responsive design, intuitive navigation, and dedicated pages for rooms, services, and contact. It demonstrates expertise in front-end development and creating visually appealing, user-friendly web solutions.
